Specialized in Next.js versions 13 14 and 15 React 18 TypeScript Tailwind CSS and GraphQL with deep expertise in Headless CMS architectures including Sitecore XM Headless Sitecore SXA Drupal and ContentStack. Proven track record of improving application performance by up to 30 percent building scalable design systems and delivering SEO optimized WCAG 2.1 compliant user experiences. Extensive experience working in remote first distributed teams with full availability across Middle East UK and US EST CST PST time zones.

TECHNICAL SKILLS

Frontend Core

JavaScript ES6 plus TypeScript HTML5 CSS3 SCSS

Frameworks and Libraries

React 18 Next.js versions 13 14 15 App Router Server Components Redux React Query TanStack

Styling and UI

Tailwind CSS Shadcn UI SCSS Bootstrap

API Integration

GraphQL REST APIs

Headless CMS

Sitecore XM Headless Sitecore SXA Drupal ContentStack

Design Systems

Storybook Component Driven Architecture

DevOps and CICD

Vercel Netlify GitHub Actions

Testing

Jest React Testing Library

Tools

Git ESLint Bitbucket Azure DevOps ADO Figma Adobe XD

AI Powered Development

ChatGPT GitHub Copilot Cursor Cody AI Builder.io

Performance Optimization

Lighthouse audits Code splitting Lazy loading Core Web Vitals

Accessibility

WCAG 2.1 ARIA standards Cross browser compatibility

REMOTE AND GLOBAL COLLABORATION

Extensive experience working in remote first distributed engineering teams Regular collaboration with stakeholders across US UK and Middle East regions Comfortable with async communication sprint planning demos and global delivery Fully available for UAE and Saudi working hours with overlap for UK and US teams

PROFESSIONAL EXPERIENCE

Altudo Consultancy Services Pvt Ltd Senior Frontend Developer March 2020 to Present

Key Achievements

Led UI architecture and component strategy for enterprise grade Next.js and Headless CMS platforms Built reusable React and TypeScript component libraries reducing redundant code by 25 percent Improved application performance and Core Web Vitals through code

splitting lazy loading and optimization techniques Ensured WCAG 2.1 accessibility SEO compliance and cross browser stability across large scale websites Mentored junior developers conducted code reviews and improved overall team delivery velocity Collaborated with cross functional global teams across US UK and Middle East in remote first delivery environments

ENTERPRISE CLIENTS
